According to Glenn Bishop, in charge of the function, dancing will also be permitted on the patio of the Birdman which opens off the Galeria.

Preceding the dance the Bachelors will hold their traditional dinner, followed by a short business meeting during which officers for this semester will be installed.

Starting next Monday, in their drive to sell ducats for the dance, all Bachelors will wear their dark glasses and red ties. Tickets are priced at 50 cents per couple with a 25 cent tax imposed on Non-Associated Student ticket-holders.

Pasadena Junior College Ranks Highest In Expenditures For Student Activities

Ex-president Robert Tannenbaum today made public the results of a survey conducted recently for the purpose of determining the average expenditures of the junior colleges of the southland.

Pasadena junior college tops the list with a total of \$16,780. Modesto junior college comes next with a budget calling for the expenditure of \$11,819. These two schools are far up the list, as the next school studied, Glendale, spent only \$9,124. Santa Ana junior college ranks fifth out of the eleven with a budget for \$7,920.

Football claims the lion's share of the money expenditures. Santa Ana's expenditures ranks sixth with \$1,375 going for this major sport. Pasadena spent \$4,700; Modesto, \$4,000; San Mateo, \$2,200; San Bernardino, \$1,700; and Glendale, \$1,600. This sport also accounts for much of the money in the budget, ranking second only to student tickets as a money maker. The Dons make more money out of

President Robertson Welcomes Freshmen; Asks Cooperation

"I would like to take this opportunity to thank the Associated Students who supported me in the recent election. This semester I would like to see a closer relationship between the Executive board and the Associated Students, and further the realization that the Executive board works at all times for the best interest of Santa Ana junior college. Its meetings are open to all Associated Students, and members of the board welcome suggestions.

This year as a result of our moving to a new plant, we have been confronted with problems heretofore unfaced. The Associated Students cafeteria is a direct result of this recent move. Ventures such as this require the utmost cooperation and support of students. Let's make them all successful by giving our support.

I cordially welcome the incoming freshmen and new students, and cannot emphasize too much the value of becoming a member of the Associated Students.

Sincerely,
George Robertson

"Would you fight if the United States were invaded?"

This is one of the questions answered by 65,000 students from 60 american colleges. Results of the second report on the peace poll, conducted by the Literary Digest, are as follows:

On the question regarding entry into the League of Nations, 50.07 per cent favored entry. This slim margin was due to the eastern colleges where 14 of them voted "yes" and 8 "no". In the west, only 12 were in favor of entry, while 26 were opposed. The voting on this question showed the closest margin of any.

Spice Of Sport

By Marvin Spicer

Old man fate, the graybeard who uses humans as puppets, Saturday jerked his strings in an adverse way to what he did a year ago in the Fullerton fracas. In 1934, after trailing the Dons for the entire contest, the Swarm made two successive charity shots to come from behind and upset the locals 31-30.

Saturday, much to the discernment of Art Nunn, Yellowjacket mentor, Willie Q. Pryor, Fullerton sport scribe who openly predicted a stormy night for Santa Ana, and about 400 visiting rabid fans, the Padres reversed last year's score and nipped the up county school's title hopes a bit.

Saturday's was not only the year's best game from the spectators point of view but it also stands as the best game Beatty's boys have played. A post mortem shows that Santa Ana's passing was faultless the ball being howitzered from player to player with Casandra-like accuracy.

Most significant and amazing of all, the Dons did not win that game through new plays unknown in earlier encounters. Obvious to the audience was the absence of horseplay that was so prevalent in the earlier games. Phoenix and Fullerton have felt the power of an earnest Don, what will Chaffey and San Bernardino feel?

Orange Hi Track Star Enrolls

Enrollment of Woodrow Payne, last year's Orange high track captain, in the local school is being greeted with acclaim from the cinder coaches. Payne attended Fullerton junior college last semester and will not be eligible for competition this season. His events are the quarter and half-mile runs.

Lacy Leads Quint With 29 Counters

Tom Lacy, ace offensive forward and former all-coast league guard at Santa Ana high, is installed in first place among the Don scorers as the league basketball race passes the halfway mark. Lacy has counted 29 points in four games for an average of about seven digits per game.

Closely pushing the leader is Fred Erdhaus, elongated center, whose work under the basket has netted him a total of 26 points and an average of six counters a contest.

Bob Schwarm, letterman and guard, ranks third with 24 points and an average of six points a game. Next in line comes Harold Youel with 18 counters and an average of four points per game.

Cinder Outlook Bright As Oval Stars Turn Out

From the looks of registration Santa Ana jaysee has become quite a stamping ground for incoming athletes this semester. Joe Frias a trackmen from Gardena high, with a record of 4:37s. in the mile, has enrolled, "Chuck" Malbon sensational miler on last year's jaysee team has returned, and with the prospective entering of Charlie Ortiz crack quarter miler on the Saint team, things look bright for Bill Cook's championship hopes in the cinder sport.

Charles Anderson, halfback on the Bakersfield jaysee football team this past season, is listed in the mile. James Klepper, husky linesman on the championship '31 Saint football team is another, and Hales, a 200 pounder from Garden Grove is reported to be headed this way to make up credits and play on Bill Cook's Dons next season.

Frank Boyd, a little fellow, has made quite an impression with the track railbirds with his prowess and speed on the Poly field oval. Boyd is a Kansas boy with quite a record in high school athletics, and bids fair to become one of the leading point getters on the Don track forces. He has marks of 50.1s for the 440, and 25s flat in the 220 low hurdles.

Citrus Owl Leads League Cage Race

While the Dons were pushing Fullerton out of first place by their 31-30 win, Citrus was continuing in championship stride by overcoming the ever-troublesome Pomona Cagers, 36-32. Riverside stayed in the running by eliminating Chaffey, last year's champions, 39-30. San Bernardino had a bye.

Saturday's results leave the Citrus Owls on top with Riverside and Fullerton closely following.

Tomorrow's game between Citrus and Fullerton at Glendora will be of titanic importance as it is believed the winner will go undisputed to the championship. Santa Ana engages Chaffey at Ontario, and Pomona travels to San Bernardino in the other games. Riverside enjoys a bye.

Eastern J. C. Conference

The standings:

	W.	L.	Pct.
Citrus	3	0	1000.
Riverside	3	1	.750
Fullerton	2	1	.667
San Bernardino	1	2	.333
Chaffey	1	2	.333
Santa Ana	1	3	.250
Pomona	1	3	.250

Youel Sinks Last Second Basket to Give League Win

Reversing the tables on their perennial up-county rivals, Coach Blanchard Beatty's Padre hoopsters registered the biggest upset of the current Eastern conference basketball season when they tripped Art Nunn's Fullerton Yellowjackets 31-30.

What looked to be a certain 29-30 defeat was turned into a win for the locals when Harold Youel, sophomore letterman unleashed a difficult one-handed toss to ring the hoop for the two points that meant the winning of the first conference game for the Dons and the toppling of the Swarm from their first place perch into third spot.

The timekeeper's gun was raised and ready to be fired when Youel let fly the shot that trickled through the mesh for the winning points.

On paper the Dons were doped as by far the weaker of the two teams and were slated to go down in defeat to the tune of at least 15 chalkers. However, they forged into an early lead and stayed there all the way. Near the finish of the contest the Padres were leading 29-24, but this margin was erased when the Swarm put on one of its noted last minute spurts to score three field goals in succession while the locals were being held scoreless. It was then that Youel sank his spectacular shot.

Schwarm was the high point man of both teams. He tallied nine digits. Fred Erdhaus, center, made eight, and Youel and Berkeley, dusky Fullerton center, each accounted for seven. Lacy chalked six and Henry got one foul shot.

Club Basketball To Be Postponed

Because of the inability to get a gym, inter-club basketball has been put back on the shelf until the current jaysee casaba season is completed. The play will start in about two weeks.

Rules governing the player's eligibility have been drawn up. Some of the statutes are: no local basketball letterman or member of this year's reserve or first squads will be allowed to play. Either Bill Cook or Blanchard Beatty will be referee of every contest.

Rugby To Make Debut In Bowl At Early Date

Rugby, forefather of modern football and the game that is sweeping the coast in a rage of popularity, makes its debut in Santa Ana the night of Feb. 13 when the University of Southern California varsity and Rugby Union All-Stars clash on the turf of the Municipal Bowl.

Al Reboin, former Saint all-around athlete who is considered the ace of the Trojan team, inspected the field at the Bowl Monday. He stated that the field was ideal for Rugby and that accommodations are as good as they are at the Coliseum.

That interest in the sport is also shown in the high schools is evidenced by the fact that Reboin gave a talk at Huntington Beach high Wednesday and is tentatively slated to give a speech next week at Garden Grove high.

Tickets are now on sale at the three sporting goods stores. Prices are 25 cents for adults and 10 cents for students of high school age. Those under high school age will be admitted free.

The two teams are brought to Santa Ana by the Trojan alumni.

Rain Retards Play In Handball Match

Because of inclement weather only one more match in second annual El Don handball tournament has been played. Bill Graupensperger beat Jack Pegues to get their fracas on the card before the downpours of J. Pluvius halted all operations.

The other match has been played to date saw Ray Busch down Jack Hawkins.

Graupensperger will tangle with the winner of the Grigg-Madden match next week. It is expected that this scrap will be staged this week-end. Busch's next opponent will be determined next week as he tangles with the man who comes out on top of the Baxter-Downie v. s. Spicer-Thompson duets.

Panthers Favored Over Local Quint In Annual Battle

Determined to show that their sensational win over Fullerton was not due to a run of luck, the Don cagers tonight trek to Ontario where they will clash with the champion Chaffey Panthers. The game calls for 8 o'clock.

Despite their toppling of the Yellowjackets Saturday, Coach Blanchard Beatty's basketballers will be the underdogs when the two fives go onto the floor tonight.

Coach Burt Heiser's Panthers are tied for fourth in the conference title race. In league games to date Chaffey has won from Pomona 36-29, and lost to San Bernardino 20-23. Saturday Heiser's men held the high scoring Riverside quintette to a 30-39 count.

Santa Ana, resting in a tie for the cellar spot with Pomona, besides the win over Fullerton, has lost to Pomona 33-36, Citrus 21-46, and Riverside 24-41.

Altho expressing satisfaction with the serious intent that his charges are showing in practice Coach Beatty remains in a pessimistic mood concerning the outcome of tonight's imbroglio. The blond mentor has been putting the hoopsters through extra stiff offensive and defensive drills this week.

The same line-up that took the Swarm's measure will be in evidence tonight at Ontario. Harold Youel, whose last second shot turned defeat into victory Saturday, will team with the long shot artist, Tom Lacy, at forwards and Fred Erdhaus, who is usually good for around six points, will be at center while the defense will be handled by Bob Schwarm and John Henry.

Harold Pottorf, Vern Brower, and Bruce Harnois will be used as alternates.

Last year the Chaffey team decided the Dons 41-36.

A Leisurely Journey Around The World

The Royal Road to Romance by Max Mandell.

We are on the royal road to romance! Where does it lead? We find out very soon. In quick panorama the United States, France, Spain, India, China, Russia, and Japan pass before our eyes. We have crossed the entire world in four hundred pages. And what adventures we have had!

We nearly froze as we climbed the Matterhorn; we nearly drowned in the Punjab river; we nearly burned up in the Kyber pass; in Japan we narrowly escaped death on Fujiyama's icy slope; we were nearly bitten by a cobra in India. But what fun we had, and what sights we saw. Some day let us return to get a closer view of Laj Mahal.

When we started on this journey we left our morals at home. And well it was for us that we did so. For Richard Halliburton did his best to keep from paying railroad fare; he broke many laws; and he was even placed in jail. But we forgive him because of the other things he did. My only regret is that he sped away so quickly. Let us go back to India!

A five-day school week with no Saturday classes is being petitioned for by University of Georgia undergraduates.

The Governor Acts

The necessity of the states for new taxes is being answered in California by Governor Frank Finley Merriam's colossal 13 point program to raise \$154,600,000 biennially.

The plan is necessarily a huge one, and because of that fact is eliciting variant comment from concerned interests. However, while the lawmakers are interested chiefly in the ethics of such a taxation their befuddled constituency are wondering how it all came about.

Essentially the low-down is this: The national administration's re-deal, giving back the burden of relief has correspondingly created an entirely new tax mart. On this point the president has adopted Hoover philosophy.

Pork

Limited Federal aid for the states is obtainable, however, in the farm loans made through Harry Hopkins, FERA director. But it might seem that pork is the primary object rather than magnanimity.

Naturally some states are better off financially than others. But under the latest Federal experiment of relief ministration, the condition of a state's pocketbook is judged not by actual need, but by Hopkin's liberality.

Obviously, the states, which are little better off financially than when the president came into office two years ago, are in a position where they must have some money. Frank R. Kent, the New Deal idol buster, writing unsym-

pathetically of the presidential pork comments that "there is not only no nourishment in bucking the administration, but any refusal of the conditions laid down is punishable by a ruinous withdrawal of funds. . ."

Such a system can only result in tax lists jumping higher than a stratosphere balloon. The individual states are helpless with the administration's big stick hanging over them.

Sweaters

When the college's mid-winter student plebiscite decided in favor of lettermen's sweaters for the football squad, the issue was considered settled. Now it is obvious that the fight has only begun.

Ex-president Robert Tannenbaum's Executive Board elected to ditch the issue and let the present body play with it. It now develops that President Robertson admittedly does not know how he will handle it either. To all questions, he is wisely non-committal.

Possibility of a red hot fight on the legislative problem child grows

every day. Each board member, with a departmental item on the general budget to defend, shivers at the thought of another cut.

Two methods of settling the controversial issue that appears to stand out at this writing would unquestionably give rise to a storm of protest, but appear to be most logical.

The first involves drastic curtailment of the spring sports program, thus forcing the athletes to take the axe for their own spending. The second calls for referring the bill back to the students in hope that the board propaganda can defeat it.

It isn't generally known, but the sweater battle might have died a month ago. A compromise bill providing for awarding sweaters contingent on the athletes purchasing a \$4.00 second semester Associated Students ticket was introduced but died without a vote.
